

S03-W4

Genetics by Syngenta

AGRONOMY

- Excellent disease package for dependable performance
- High yield and export demand
- Consistent performance in all soil types and tillage options

CHARACTERISTICS

Relative Maturity	.3
HU Rating	2650
Hilum Colour	Imperfect Yellow
Flower Colour	Purple
Pubescence	Tawny
Pod Colour	Brown
Plant Height	Medium-Tall
Plant Structure	Slender
Row Width	7-20 inch
Lodging Rating	Excellent
Protein Content	42-43%
